

Course Duration:

5 days

Suitable For:

This course is aimed at site managers, agents and people who already are, or are about to become, responsible for planning, organising, controlling, monitoring and administering groups of workers.

Course Information:

The CITB accredited SMSTS course covers all relevant legislation affecting safe working in the building, construction and civil engineering industries.

It highlights the need for risk assessment in the workplace, the implementation of the necessary control measures and adequate communication to sustain a health and safety culture within the workforce.

Course Assessment:

To complete this course delegates must pass the end of course exam. The exam consists of 20 multiple choice questions and 5 short written questions. There are 5 safety critical questions that MUST be answered correctly.

Certification:

Certification for this course is valid for 5 years. To remain certified in this area, you will need to take the SMSTS Refresher course before the expiry date.

If you chose not to renew before the expiry of your original certificate, you will have to re-take the full 5 day course.
